My Org Screen

Your My Org screen will require 2 elements from your organization, your logo and background image.

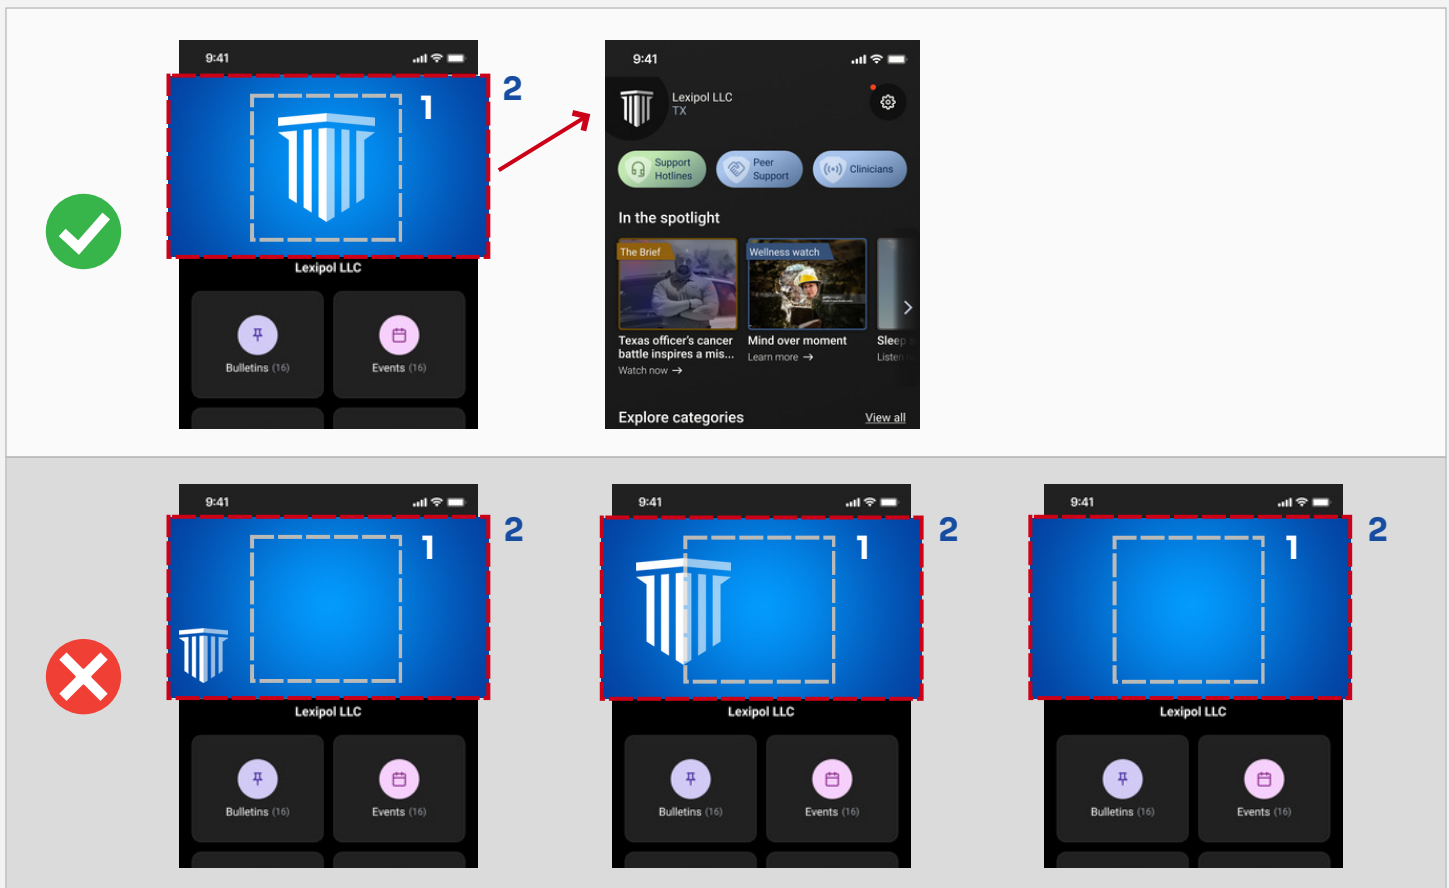

- 1 Your logo**
e.g. badge, patch, challenge coin, etc.
500x500 px

- 2 Background Image**
High-resolution
1920x1080 px

The logo will appear inside a 500x500 px box that is overlaid on top of your selected background image. Please avoid choosing background images that contain text or embedded logos, as your logo may cover that text, and portions of the text may be cut off on different screen sizes and resolutions.

Your logo does not need to fill the entire 500x500 px area but must fit entirely within this bounding box and cannot extend outside of it.
